Daniel stares over LA  
Tiny little stairs over his head  
Out on the lamb  
His lying's on the loose  
King of the jungle  
Running from the truth  
(Don't look now, the light just turned red)  
Tiny little stairs over his head  
Now he's just sitting by the rainbows end

Not missing this place  
Empty faces  
Not missing anything  
I know that for sure  
His has never been good luck  
Only strange luck  
Somewhere he lives again  
I know that for sure  
(And the lights are fading)

Daniel fled in a hurry that day  
Down the little stairs  
Back in through is head  
Holdin' up the world

He's crying everyday  
Couldn't lock the door  
From the life that he blamed  
(Don't look now, the light just turned red)  
Tiny little stairs over his head  
Now he's just sitting by the rainbows end

Not missing this place  
Empty faces  
Not missing anything  
I know that for sure  
His has never been good luck  
Only strange luck  
Somewhere he lives again  
I know that for sure

(And the lights are fading)  
(I'll be waiting for that day)

Not missing the eastside  
Not missing the westside  
Not missing anything  
I know that for sure
