She was pretty, 'bout 17  
When she moved in just down my street  
Still don't know what she saw in me

I guess she liked the way I made her laugh  
She wanted more than what friends had  
She kissed me once and we never looked back

Chorus:

First time was down by the river  
Our sweat made both us shiver  
Don't stop, darling they're just rain drops  
The moonlight was all around  
Our breath, the only sound  
Baby, darling she said take me  
And drive me crazy

In the woods in my grandpa's barn  
In the back seat of my car  
She said. it don't matter where we are

She made me thirst for a woman's love  
I kept drinking, couldn't get enough  
Yeah, there was magic in her velvet touch

CHORUS

The leaves changed and the sky turned grey  
Her daddy's job took her away  
I can still see the tears rolling down her face  
Oh, yea

CHORUS

Baby, drive me crazy
