All of these ghost towns  
I keep traveling through  
All of these traffic signs  
And lonesome bars  
Blindsiding me to you and  
I swear I can be better  
I could be more to you  
But there are things  
That lie in my path  
That I just have to do

If you've got visions of the past  
Let them follow you down  
And they'll come back to you someday  
And I found myself attached  
To this railroad track  
But I'll come back to you someday  
To you  
To you  
To you someday

And I remember how you told me  
All that you wanted to do  
The dream of Paris in the morning  
Or a New York window view  
And I can see it now you're married  
And your wife is with a child  
And you're all laughing in the garden  
And I'm lost somewhere in your mind

If you've got visions of the past  
Let them follow you down  
For they'll come back to you someday  
And I found myself attached  
To this railroad track  
But I'll come back to you someday  
To you  
To you  
To you someday

Maybe I should just turn around

And walk away  
For no matter how much I really do  
Want to stay  
You know I can't  
No it's too late

For I've found myself attached  
To this railroad track  
But I'll come back to you someday  
To you  
To you  
To you someday
