Wearing my rose-colored glasses

Clearing my path to ecstasy

Sharing a feeling that surpasses

Fearing it's all a fantasy

Don't make it stop

Don't wake me up

Take me, take me to a place where they can't find us

Let's leave all the craziness behind us

Show me when you tell me that you love me

You mean there'll be no one else above me

Overwhelming pleasure that I'm feeling

Is it real, or am I only dreaming?

While I'm awake

Take a chance with me

Come dance with me

Take me, take me to a place where they can't find us

Let's leave all the craziness behind us

Show me when you tell me that you love me

You mean there'll be no one else above me

Overwhelming pleasure that I'm feeling

Is it real, or am I only dreaming?

While I'm awake

Awake awake awake awake awake...

Try with me

Come on and fly with me

Don't make it stop

Don't wake me up

Don't make it stop

Don't wake me up
