I have had it, I'm done
I'm every woman in one
Every woman in one
Your 'every woman in one'

Just admit it, you've been hard on me
You've exhausted every part of me
The troubles have only begun
'cause you wanted every woman in one

So on Monday I give everything'
On Tuesday you want more
On Wednesday I obey so you won't walk out of the door
On Thursday I accommodate
Fridays I compromise
In weekends I just do it over twice

Cause I want to stay together forever
When will it be enough
I should just let you go, but I'm addicted to your love

But loving you is no more fun
I'm every woman in one
Every woman in one
Your 'every woman in one'

You've got me wrapped around your finger
So you know I'm gonna linger
As much as I'd love for you to stick with me
I'm not going to lose my dignity

I changed so you would want me
For love I just gave in
But much to my despise, you criticize my everything
I'm making my own money, I'm smart, I make you
laugh
But it's no longer funny living life on your behalf

Forever, forever, no... never!
I'm walking a thin line, but still I want you to be mine

I'm every woman in one
Every woman in one
Every woman in one
Your 'every woman in one'
