Thank you for the memories  
Thank you for the waste of time  
I'm no longer begging "please"  
I think I'm gonna be fine

Guess I was in live with love  
The way it sounds, the way ot feels  
But I was never good enough  
So I'll turn on my heels

How many time have you tried to convince me?  
And I kept coming back for more  
I cried and you you still lied  
There's nothing to restore

So I say:  
Hey thanks for each time  
That you said I was unworthy  
You were right, 'cause without you  
I'm so much better than before  
I love me more, more, more

I thought your games were killing me  
But they made me strong instead  
I walk away now, willingly  
Because I'm better than that

I've been willing to change my ways  
But there's only so much a girl can take  
"Love at first sight" pfff... yeah right  
Cupid made a big mistake!

So I say:  
Hey thanks for each time  
That you said I was unworthy  
You were right, 'cause without you  
I'm so much better than before  
Yes I would rather be alone  
And wait for someone who deserves me  
Say goodbye, 'cause now I know  
That as much as I do love you

I love me more

So I say:

Hey thanks for each time

That you said I was unworthy

You were right, 'cause without you

I'm so much better than before

Yes I would rather be alone

And wait for someone who deserves me

Say goodbye, 'cause now I know

That as much as I do love you

I love me more

I love me more

Hey thanks

I love me more
