Wake up baby I've got something to tell you

Something that will give you the Blues

I've done a lot of thinking

Now I can't sleep when it comes to me and you

I'm tired of talking 'bout the things that make us
different

I'm weary 'bout these weeks of sweet abuse

It's time I take care of me baby

'cause if it's heads or tails, my head says you lose

I gotta choose so wake up baby

Let me give you the news

This bed just ain't big enough

This bed ain't big enough

This bed just ain't big enough

For the two of us

It's time to dream you dreams in your own bed

It's an offer I'm afraid you can't refuse

'cause It's three strikes and you're out

You'd do it too if you were in my shoes

I gotta choose so wake up baby

Let me tell you the news

This bed just ain't big enough

This bed ain't big enough

This bed just ain't big enough

This bed just ain't big enough

For the two of us
