Ssshhh...
Say nothing

They say that we won't last long
They say so much, but they're wrong
No need to defend our loving
We say more when we say nothing

No one could ever take your place
Every line on your face
Tells a tale even time can't erase
No one could ever take my place
Love's unfolding when
Speech is silver, silence is golden

Unspoken rhyme
Frozen in time
I know what you want and what you crave
When you, you say nothing
You know how to act, and to behave
When I, I say nothing
Unspoken rhyme
Frozen in time

Like a sour grape, so sweet it bursts
Even Shakespeare would be at loss for words
Our bond is blessed, their judgment is cursed
When we, we say nothing

Ignore the world's reaction

We take our own direction
An unexplained connection
Build by mutual affection

Unspoken rhyme
Frozen in time
Unspoken rhyme
Frozen in time

No one could ever take your place

Every line on your face
Tells a tale even time can't erase
No one could ever take my place
Love is unfolding when
Speech is silver, silence is golden

Our silence speaks a thousand words

Say nothing
