We're all beautiful
We're all beautiful
All over the world, every single boy and girl;
now you're beautiful
We've all earned the right to live satisfied
we've had it from birth
Cross the seven seas, all the nationalities
are so beautiful
What's in a name? To the core we're all the same
on this earth

Oh what a waste of time
Oh what a waste of time
What are we fighting for?
What are we fighting for?

We're all beautiful
We're all beautiful

Love's an open door, enter it before we all have to pay
the price
We fight at any cost, win - and find
that we've still lost...
What have we done?
Let's overcome our fear, trying to see clear
through fresh and 'unshallow' eyes
Open them to see there's no "them and us", but "we" -
and we are one

Oh what a waste of time
Oh what a waste of time
What are we fighting for?
What are we fighting for?

We are, we're all beautiful
We are, we're all beautiful

Allah, Jahweh, Budha

Keeping faith for something better
Foreign but still family
Only when we come together

Will we finally be free

Si si wote ni 'nzuri

Nachne zjamira zjamila

Wir sind alle Wunderschön

Nous sommes tous beaux
