Keep the faith and try to hold on
It's not to late, you've gotta be strong
If you can't lean on anyone else
Just don't give up believe in yourself

Overcome with doubt
You think your presence just has no meaning in a
crowd
But you've got a dream
and all that's missing is a little self-esteem
The journey's never ending, you'll fall and then get up
In the beginning
Prosperity is pending, so don't dare to stop
Until you're winning

Keep the faith and try to hold on
It's not to late, you've gotta be strong
If you can't lean on anyone else
Just don't give up believe in yourself
Be a winner

Tragedy has struck
You try to run, and yet you're feeling like you're stuck
But you will find a way
If you believe you can no matter wat they say
And no matter what's in fashion, they can't hinder your
goal
If they'll try to
They can't turn off the passion that shines throughout
your soul
From inside of you

Keep the faith and try to hold on
It's not to late, you've gotta be strong
If you can't lean on anyone else
Just don't give up believe in yourself

Keep the faith and try to hold on
It's not to late, you've gotta be strong
If you can't lean on anyone else
Just don't give up believe in yourself

Be a winner
Be a winner
You're a winner
