- Felonies Of The Christian Art

Lyrics by Galder

Death in it's purest form

Welcome to the sacrificed world

Those beneath the holy ground

Buried in the dirt of the mortal's sin

Just like a dream in mysterious splendour

Cross the line to dimensional glory

Absorb the light of heaven's messenger

Arise and feel the sensation of monotony

As you grow old and reluctant to fall

Believing a lie of immortality

Life as you know it, soon you shall crawl

Beg for your soul and your sanity

Ignorance, devotion for God

Educated in the art of fraud

Imprinted in minds, they all want more

Let's engage in the art of war

With all means infiltrate and destroy

Make the weaklings suffer

Kill the traitors kill them all at once

Summon the beast and crush'em

- Agony Of Fallen Grace

Lyrics by Galder

Spread the words no time to dwell

Stop denying your inner self

Forced into a religious cell

The agony of fallen grace

At once, come forth

Deny the facts of life

Destroy their gods

And blame it on the weak

Several miles of death's formation

They march towards his grace

To the cliffs and the abyss of the damned

The loss of man, and fall of God

And now you will die

While suffering from within

The aspire to rule

Will faint away with you

We come for you

With the devil's assent

Creeping up from behind
Tearing you down
- Black Seeds On Virgin Soil
Lyrics by Galder
Trapped in a fire that burns in my soul
Like parasites infesting my skin
Screaming for vengeance, and vengeance is mine
With my faith I will prevail
Chained to times of despair
As the end is close and my demons are here
Craving for my inner thoughts
As I die, I'm losing myself
For blood I hunger, possessed by the dark
No remorse, I'll tear your flesh apart
Through my veins the poison runs cold
As you die your faith is left untold
Preachers of life, opposing the dark side
Deceived from the birth
Mission of lies, betrayed from the inside
Seeds of the unfertile earth
Wounds so deep, come heal my soul
Come predict, what has been foretold
- In Defiance Of Existence

Lyrics by Galder
Wake up to another day in solitude
Awaken from a trance of despair
Fear of the animal within
Unleashed from emotions buried deep
Forced into the human age
Despite denial of life
Devoured and concealed
In flesh of mortal breed
Captives in dungeons of the flourishing society
Weakened by thoughts and mentally seduced
Redeem me my burden my father I await thee
Come fulfill my call
Summon the force
Make the others bleed
Let them drown in blood
The trail of tears
Follow the path and conquer
In agony they will die

- Sacrifice Of Vengeance
Lyrics by Galder
Suffer the weak, enhance the strong
Unite the tribes of the fallen troops
Guide the blind lead them towards
The path of war and the martyr's hands
Blood shall spill and the ancient shall feast
Upon the throne of the angel beast
Poison seed shall grow beneath

The ruins of the christian beliefs
In heroic killings children will die
Enchant the world with seduction and lies
Pave the way for the sinner
And make them scream
Empty faces staring through bars
Trapped in faith, illusion that scars
Human hybrid, fake and impure
Seduce the crippled, and we shall endure
I will overcome, as you will be extinct
We shall ravage the poor
Raping your gods
And we shall lust for more
- The Soul Receiver
Lyrics by Galder
I surrender my soul
To the dark and the old
I break free his delusions I crave
I'm waiting on those who release me my grave
Visions bright as the dawn
His wishes enlighten me making me strong
The ancient ones call me upon
He whispers my name, come join us my son
Father, come alter my virtual sense
Release me I'm caught between the mortal's fence
Evolution set free, humans are proud
Erase me my past, come liberate my soul
To a world where my enemies will fall
I'll rejoice, as my spirit is complete
Unmask me my ghosts, my future is yours
... all yours
