I know there is a creature hidden in the dark  
He's looking me in the eyes and he suddenly barks  
And I know I'm done for, I'll die, I will die tonight!

I'm running away I don't wanna fight  
But I lost my way in the dark of the night  
And I know I'm done for, I'll die, I will die tonight!

The beast is closer and closer to me  
He's too fast, I'm fucked, I will never be free  
And I know I'm done for, I'll die, I will die tonight!

Road to salvation is too risky and hard  
Can't run anymore I'm not brave and I'm too scared  
And I know I'm done for, I'll die, I will die tonight!
