Intro: Kobby Dope

Sometimes there is this person in our lives,
we wanna keep close to us
whether as a friend or as a lover,
we have a lot to ask,
but we are afraid we might be asking too much

We do have fun together, aint no doubt about it//
but we always end up kissing and we never talk about
it//
and then we start pretending, nothing has ever
happened//
it's about time that we realised we aint harming//
No one but ourselves, we aint harming no one but
ourselves//
cos i know some girls that will die to be with me//
and a number of dudes that be crushing on you//
so make this clear, whats it gonna be//
gotta figure thing s out, time is due//

CHORUS: Keizy

I want us to be friends, preferably with benefits//
but dating you too, aint a bad option//
i wanna have it all, but really love your company//
so i fear if i make a wrong move, ill lose it all
(i go lose am o) Make a wrong move ill lose it all

Verse 2

She make i conf, the way she dey jie en thighs//
she will turn me on , and then she go jie en eyes//
im tired of these games, i just have one wish//
what i wanna know is, what i wanna know is, where i
really stand in this//
She is single and im single,so there is that chance//
and i dont want her to think i only wanna get inside her
pants//
But i want her to think that too,just incase//
she only wanna be friends with benefits//
and if she wanna go out too, i no bore//
i just want clarity that be all//

[Repeat Chorus]

Verse 3

My skull lost, now im losing my mind//
on the verge of breakdown, i be towing that line//
im checking my chances, im weighing my options
i gotta be fast i might run outta time//
cos what if she is waiting ill ask her for dating//
and other guys be in the line who are waiting//
and what if she wants sex with no strings//
i might lose that chance too cos is not bad//
