Intro:
Ribcage Music, Dopey,
I wanna tell you about this girl

Stanza 1[Kobby Dope]:
I dey kae the first time I met her
We had been blind dating for 5 days
We arranged A date, and on that sunny bright day
I was waiting for her in a restaurant, bored to death
counting
The rice grains on my white plate
Once in a while i would re tie my Nike lace
Readjust my beads and wipe the glasses in my Kazak
fly frames
I had been there for some time, wait
I had actually been there for sometime
I was bolting and blaking out of patience
I had exhausted all techniques i used to while away
time so i gave up

Life is a bitch!

Stanza 2 [Kobby Dope]
And She stood me up no she did not but thatâ€™s just
how i recall it
Every time Iâ€™m recounting
Cos she only called me to tell me of her arrival
When i was in a taxi headed home
When she asked me where i was,
I knew that was the time my brains sharpness,
And my ability to open keys was being put to a real test
I could insult her and hang,
Tell her am on my way and switch off my phone and go
home,
Or head back to restaurant
But i knew it was not as simple as that cos every word
id say,
Every decision id make, had its own consequences for
example,
I was wearing my most expensive beads,
And had used the remaining drops left of my polo

shomi

The Airtel credit I had wasted, the energy,
Should i and could i let all that go to waste?

Life is A Bitch

Stanza 3 [Kobby Dope]

I decided not to let it go to waste when i saw her face,
I knew i had made the right decision
You know that feeling when you are looking for
something in the dark
And just when you are frustrated, about to give up,
ECG bring back the lights
And what you were looking for is right in front of you,
No stop to visualize it
That's how seeing her face made me feel
I did not even need an apology anymore
The food was nice; the conversation was on point,
The date had gone well overall

Life is A BITCH

Me and her were starting to get close, contact would
break,
Then we would get close to starting to get close all over
again
Then we started dating.
We would be whatsapping [whatsapp texting] each
other
Even though she would be lying right next to me...
And just in case you are wondering, yes the sex was
good
LIFE fucked me,
Yeah she fucked me till she fucked me up,
But i did not care cos i had fallen for her.
Nothing mattered more to me more than making her
happy.
She told me i had swept her off her feet, i was like
really?
I guess it's time to put the mop on your clit
Then we hit the apex of the utility curve
Then things started spiraling down

Life is A BITCH

We did not agree on anything she started cheating on
me
I saw the end was coming and it was near,
But there was nothing i could do about it. And then we
broke up

Life is A BITCH

Now I have got this icebox sitting tight where my heart

used to be
So its cold water flowing thru my veins every time it
beats
We used to be good, now i have no choice
But to hope say one day e go be
All i have are shattered dreams,
When i woke up i left them on my sheets
Cos am heartbroken, i'm tired of hoping
My bed sheet soaking,
From tears and dreams
Now my heart if filled with emptiness

LIFE IS A BITCH, BUT I GUESS I KEEP FORGETTING THAT
BITCH IS LIFE
