Real Music, I put my heart in it  
Kobby Dopey,

Verse 1[Kobby Dope]:

Waited a long time, now I am finally here  
It's high time like the watch is hanging in the damn  
air  
Its fly time, time flies, bayifuokyeiwaa  
So rydee I dey rap san dey pray hard  
Cos I don't want to slack, my dreams are too big  
Dreams so big that it needed to lose wait  
But they said I was wasting my time, mede watch no  
abo me sisi  
But I no biz, them  
Cos who jah bless, no one curse, obi aramfa ho  
That's my motto, and I aint talking about okada  
I heard my success makes them madder  
So I am pissing them off with my full bladder  
Enyekua that was just by the way, road sign  
But Lord knows, Nyamehwene that its dope's time  
And that my eye red and I be hungry for success  
Enti me re di nkunim, I treat it like dessert

Chorus [Skills]

You see in these rhymes is the melody that changed  
my destiny  
Cos every time, my stomach hurts I release a harmony  
The passion turns my every thought into reality  
And every chance in this life I take becomes my  
remedy

Verse 2 [Trebla]:

Love of my life, met her when a kid  
Couldn't cross the river, she laid as a bridge  
I have never heard of you  
And do you have friends, she said she had a few  
Now she looking for a friend who won't come and  
go  
Life hasn't been fair probably cos I'm dark  
She said shhh, I'm here to play my part

It's a crazy world, but she out of this world  
So she controls my heart and puts me out of my spell  
In the absence of my momma, she gave me food  
Yeah food for thought, the food I thought  
Existed in my dreams, did come to life  
Made me as a being, made me as I am  
Maybe as I am, Talking to you now  
You wonder who she is, well she right here  
Ladies and gentlemen, before you lose it  
A standing ovation for my music

Verse 3 [(Hot Jam):

Passion for music, it happened and couldn't lose it  
I studied hard like a student, I graduated from copy  
writes  
To earning stripes, to me fellas telling me I'm  
stupid,  
Kept doing what I was doing and now I'm blessed  
with improvements  
They caught me writing rhymes at the back of books  
and kept creeping out of the school  
Wasn't cool, but just had to prove to myself, that I  
ain't a fool to these dudes  
I kept my cool Kept paralyzing my soul, cleaning my  
footsteps behind my shoes Smooth as guitar strings,  
rapping speaking about all things  
Line after line promoting punches like I'm don king,  
my mouth brings nothing but a remedy to make them  
all think think more Deeper than the habitat of a  
shark's king

Chorus [Skills]

You see in these rhymes is the melody that changed  
my destiny  
Cos every time, my stomach hurts I release a harmony  
The passion turns my every thought into reality  
And every chance in this life I take becomes my  
remedy  
Cos every time I try, to face my fears  
And every time I try, it's hard to fight  
But suddenly I rise, unconsciously releasing rhymes
