Intro:

Sergio ma beat no mmra soro kakra

Chorus:

Only God can judge me, I am headed to the top and I
canâ€™t stop now
I will be damned if I let you haters hold me down
Only God can judge me
All this little talk canâ€™t reach my ears, speak a little
louder homie I canâ€™t even hear
Only God can judge me, Only God can judge me

Verse 1 (Kobby Dope)

I rock beads, you rock chains, I rock polo, you wear
prints
I will go solo, I will do things, but only God can
I am swagged out, turnt up
I cook the verse till itâ€™s burnt up
Brakes faulty, canâ€™t stop
Only God can
Judge me, touch me, you canâ€™t do that trust me
Not me, I am child of God, play with me costly
I brought my A game, archery, they brought their hate
game, comedy
I do as I May, Taurus, marching me
You dey try but donâ€™t give yourself false hope
Your bars are lower than a midget pole vault
Mess with me you need to get your balls scanned
On that note you for know say only God can

Chorus:

Only God can judge me, I am headed to the top and I
canâ€™t stop now
I will be damned if I let you haters hold me down
Only God can judge me
All this little talk canâ€™t reach my ears, speak a little
louder homie I canâ€™t even hear
Only God can judge me, Only God can judge me

Verse 2 (Kay Bee)

Only God can judge me, well I have to say (that's true)

Pussy ass rappers can't compete with my swagger
(faggots hang on these)
Imma cook crack (cocaine on beats)
Y'all need chicken (there ain't no beef)
And the game gon be on my back and my swag in the
air like a
(pair of angel wings), Lord!!
Boy imma don so I stay with bitches claim position
Flyer than the rest of u pest infesting all (lazy pigeons)
I aim to kill it, cocaine for lyrics they stay addictive
So I got them feigning they can't reach me like a
(baby midget)
Lazy fellas I swear they really ain't seeing me
These hoes need extra credits they scared of taking a
(D from me)
I'm flyer than what (Peter be)
Pan high (heat the beat)
Givethem Captain Hooks and Falcon punches (till the
speakers bleed)
Kaybee

Chorus:

Only God can judge me, I am headed to the top and I
can't stop now
I will be damned if I let you haters hold me down
Only God can judge me
All this little talk can't reach my ears, speak a little
louder homie I can't even hear
Only God can judge me, Only God can judge me

Verse 3 (Ice Box)

What y'all saying don't matter,
I aint talking about science but i want the space.
Some people changing like weather,
They all turn into judges but i hate the case.
I do me and you do you!
No matter what you do can turn me on.
When you see that beautiful lady with the name
success,
You can get me on. Right now!
What's wrong with y'all, you all up in my
business?
The only word that i want to hear from y'all is royal
highness.
A king with a gun, i shoot you in the face, royal kill-
ness.
Only God can judge me, He who fed me greatness.
I'm I.C.E to the B.O.X. I'm heading straight so
No bowlers.
Haters' sound like tweeting birds to me yet you got
No followers.

My destination would be at the top like roofing sheets.
C.N.L.S.U No RETREAT!!! SO GO
