Intro:[Kobby Dope]:

Ribcage Music

I put my heart in it

Real music for deep minds

Reala Music for deeper minds

It donâ€™t get any realer, Kobby Dopey!

Verse 1: Kobby Dope:

I had a big dream, I saw myself on a big screen//

So when i woke up, I did six things//

First i said a prayer to God, then i put 4 beads on my neck//

Then i did a 16//

Then i hit the studio and jumped on the beat,

I must say it was stupid though, Sergio killed the mixing//

Then i dropped the link and got 40k hits//

Last but not the least i hit the stage and made the chicks scream//

OMG, is anybody better than me, no mc//

You know i be tight with the flow, theyâ€™ll envy//

I dey everywhere that you go, no MT-no MTN//

I donâ€™t wanna make it, I wanna make it historic//

I wanna take it to the next level//

Back flip over the next hurdle, the next hurdle?

Iâ€™m over it//now i donâ€™t jump, Iâ€™m hovering//

Chorus:[Phillipa]

Anytime I put my head on one of these three pillows

Cling tight to my teddy bear then I switch to dream mode

I can see myself on T.V

I can hear the people screaming

So I put my heart into it

Cos this is my Ribcage Music

Verse 2 [KoJo cue]:

Ever since the womb, i been in tune, a loon to the boom bap//

Of my mom's cool heart, so when they ask if dude raps.

Tellâ€™em, i let the spirit of god flow through these vocal chords//

With force and shock these new cats//
The skill is big but the passion is too packed (2 pac)//
I'm a lyricist, Nas mixed with KOOL (G) Rap//
With nothing but rhyme and rhythm//
Strike fear in the hearts of rappers who be rhyming with
him//
I mean I grab a pussy, break the hymen in em//
Look in the sky, I'm a star be aligning with em//
Was designed to get em, i be killing the flows, I'm
Kobby spitting the dope//
I'm Sergio hitting the notes. Sais I'm sedem
with the hoodie on,
God given, this is a god spitting, this is blood spilling
This is jaw dripping//This is raw dawg, y'all
slipping//

Chorus:[Phillipa]

Anytime I put my head on one of these three pillows
Cling tight to my teddy bear then I switch to dream
mode
I can see myself on T.V
I can hear the people screaming
So I put my heart into it
Cos this is my Ribcage Music

Verse 3 (Kobby dope)

We go ball so hard that we will always be on sports
news//
You can't see me like the vitamins in orange juice//
Cos ill be so fly, man you'll need insecticides//
And ill steal everybody shine till I'm court sued//
Back of my mind, the more that i come up//
I know that pride goes before fall like summer//
So when the gwap and fame come alright nana//
I'll stay humble so i don't fall like manna//
And be losing myself getting used to the wealth//
No i gotta pay my dues to the belt//
And keep making real music for the deep minds//
Change a life or too when i spit lines, refuse to be
held//
So God and Mr. nobody the two people i trust//
He rest I don't because they see u shine and
laugh//
But when you are gone they'll talk//
They wish your mission is missing and you is blind in
dust//
But ill brainstorm, hurricane Kat is in my medulla//
What ill do, murk beats on a regular basis//
Truth in black and white, no Asians//
No Latinos, no Hispanics like I'm racist//

Chorus:[Phillipa]
I can see myself on T.V
I can hear the people screaming
So I put my heart into it
Cos this is my Ribcage Music

Outro:[Kobby Dope]
I can see myself on T.V
I hear the people screaming
So I put my heart into it
Cos this is my Ribcage Music
