[Chorus:]

Though you got an attitude
I love you crazy!
You be pushing my buttons!
Making me mad, (mad) at you
I love you crazy!
Wouldn't trade you for anything in this world, I love you
crazy
Yeah, you're crazy as hell, but I still love you, girl!
I love you crazy!

Maxin' on a polar bear rug
With my honey with a good look on her face
Her thighs look yummy
Laying up, eating that spice shrimp
Your waves is amazing young man
I have the charm of a pimp
Rocking louis belts her celtic jacket on, pardon the
belch
The G I'm throwing was as thick as a welt
Kiss her face, let her know she got an A for taste
He could pull up out the parking lot and fly outta space
From the swings to the blings, and everything I bought
you at wings
I picture the day we hornet with rings
When we fight, but it's all right the kid need balance
You right, and jump on the plane, let's blow through the
night
And by the way leave the furs in the freezer
I need to be cold, just let me hold you at the right time
and feed you
My queen in a palace up in mecca
Vision a dream like Martin and Coretta
Baby we the team

[Chorus:]

Though you got an attitude
I love you crazy!
You be pushing my buttons!
Making me mad, (mad) at you
I love you crazy!
Wouldn't trade you for anything in this world, I love you

crazy

Yeah, you're crazy as hell, but I still love you, girl!
I love you crazy!

Every day you and I always find a time for arguing
Looking at the bright side, at least I got someone to
argue with, girl
And when we play fight
It goes from that to me turning you on
Is it ironic how we get along?
And we just do what lovers do
You be getting on my nerves, I be getting on yours too
Doing what lovers do
At the end of the day you're my baby and I love you
When we break up, we don't mean it
We gon' make up over the weekend
And when we make love, we got a reason
It ain't a struggle to love you, it's easy

[Chorus:]

Girl you got an attitude
I love you crazy!
You be pushing my buttons!
Making me mad, (mad) at you
I love you crazy!
Wouldn't trade you for anything in this world, I love you
crazy
Yeah, you're crazy as hell, but I still love you, girl!
I love you crazy!

Now I've got my ways and you got yours
Baby I'm a gentleman,
Walk on this side girl I open doors
Yeah, you're a lady not an animal
I shouldn't have to tango
You're heart ain't nothing to play with, no.
I don't need to game you

And we just do what lovers do
You be getting on my nerves, I be getting on yours too
Doing what lovers do
At the end of the day you're my baby and I love you
When we break up, we don't mean it
We gon' make up over the weekend
And when we make love, we got a reason
It ain't a struggle to love you, it's easy

[Chorus:]

Girl you got an attitude
I love you crazy!
You be pushing my buttons!

Making me mad, (mad) at you
I love you crazy!
Wouldn't trade you for anything in this world, I love you
crazy
Yeah, you're crazy as hell, but I still love you, girl!
I love you crazy!
