Everyday we take a
Step back I think were
Heading for a track
Were stuck on this one way track
Everyday you tell me
Your just not ready for that.

But its getting
Faster, faster
You know its getting
Harder, har-r-der its going
Faster, faster
You know its going.

Because I feel you pain
I see your fears
Don't you wana be
By my side
Don't you wana be,
Don't you wana be,
By my side
Because I feel your pain
I see your fears
Don't you wana be
By my side
Don't you wana be,
Don't you wana be.

I know your stifled by your
Insecurities but
I have told you you can
Have the best of me
I wont keep chasing after
Something you can't see.

But its getting
Faster, faster
You know its getting
Harder, har-r-der its going
Faster, faster
You know its going.

Because I feel you pain
I see your fears
Don't you wana be
By my side
Don't you wana be,
Don't you wana be,
By my side
Because I feel your pain
I see your fears
Don't you wana be
By my side
Don't you wana be,
Don't you wana be.

I feel (I feel your pain oh oh oh oh I feel your pain)
Your pain
I feel
Your pain
I feel
Your pain

Because I feel you pain
I see your fears
Don't you wana be
By my side
Don't you wana be,
Don't you wana be,
By my side
Because I feel your pain
I see your fears
Don't you wana be
By my side
Don't you wana be,
Don't you wana, don't you wana, don't you wana
Cos it's faster faster
You know it's getting
Harder har-r-der its going
Faster faster
You know its going
