(ChoppyVocals)

(I wouldn't expect anything, even if I ever wanted to)

Who's idea was this? Who's idea was that?  
She told me I was stupid, I guess I needed that  
Clueless to the game, and what I need in fact  
But Ima get it like this, baby I'm

-Chorus-

I'm only here for the night, one time  
Let me see your hands if you be looking good tonight  
I'm only here for the night, one time  
I know that you want me, I know that you want me  
(Give me everything you have, Give me everything you  
have)

-Repeat X1-

So lets see a show of hands  
if you ever loved romance  
but you didn't love the woman  
and you still gave her a chance  
We as men, start relationships saying that we're just  
friends  
even though thats what the women will tell us when it's  
the end.

And we start off slow  
and we end it fast  
and we wish that we would have left you somewhere in  
our past  
And thats it, yeayuhh, and thats it. (On me, so this for  
ya'll)

Got rid of all my enemies, and now I don't have friends  
The girl that I have dealt with, will now be there till the  
end  
& I, say yea. You aren't the girl that I'd be with.  
But you are the type of chick that I'd get with.

My phone is ringing... Who's Calling me?  
She's telling me she wants me & she misses me. (Of  
Course)

I'll say it back. Should I have said that?  
Is that how I feel, did I mean that?

-Chorus-

I'm only here for the night, one time  
Let me see your hands if you be looking good tonight  
I'm only here for the night, one time  
I know that you want me, I know that you want me  
(Give me everything you have, Give me everything you  
have)

-Repeat X1-

She sat down right next to be, she asked me "How  
things have been?"  
& I told things are ^ good, she said "Well ain't that  
somethin"  
I was like yea it is, what are you doin here.  
Cuz girl I ain't that dumb, why did you now appear?  
I've been here all damn night, I'm leaving in awhile  
Do we let the real speak out, or is it all denial?
