OK people, y'all ready to get wet?

Yeah, then let're rip

It's a friday night in NYC  
Where the freakin' people have got it in me  
Although if them people get benefit hoppin'  
Then will just take a train all the way to London

Icarus is going psycho  
We're going to Kyoto  
The party gon' bats  
So bring out the snacks

Get Get Get Wet!  
(house breakbeat)

JVC  
Suck my lip  
Panty tee  
To my shrimp  
I don't care  
What we do  
Stai zitto  
Make tequilos  
House of parks  
In the dark  
Queen Latifah  
It's Selena  
Don't forget  
Just get wet

Boy, you know I'm getting in the Swedish House Mafia  
Your crazy little twit is in the cool tequila  
If I told you already this ain't freakin' easter  
You just justify the nerves of my own damn bleeper

Get Get Get Wet  
(house breakbeat)
