I was never one to question all your answers, all your answers

Knew we had something special when we were together

It's never enough when you tell me we had something to show for, something to show for

And now we're in a lover's embrace and it's all in the way, we're all in the way

It's never enough when you're the one that's waiting for it (waiting for it)

It's never enough when you tell me that you're gonna change (cos you're never gonna change yeah)

It's never enough when you're the one that's waiting for it (waiting for it)

It's never enough when you tell me that you're gonna change (cos you're never gonna change yeah)

The seeds were sown in the actions, caught in the movement lost in the motion

Could feel something real between us when we dance together

It's never enough when i hold you and you tell me that you want me, tell me that you need me

Now i'm feeling these things again and i just wanna hold ya, i just wanna feel ya

It's never enough when you're the one that's waiting for it (waiting for it)

It's never enough when you tell me that you're gonna change (cos you're never gonna change yeah)

It's never enough when you're the one that's waiting for it (waiting for it)

It's never enough when you tell me that you're gonna change (cos you're never gonna change yeah)

It's never enough when you're the one that's waiting for it (waiting for it)

It's never enough when you tell me that you're gonna change (cos you're never gonna change yeah)

It's never enough when you're the one that's waiting for it (waiting for it)

It's never enough when you tell me that you're gonna

change (cos you're never gonna change yeah)
