You left me standing on my own for too long  
And the sky fell right out of my hands  
But if you lead me now it won't be wrong  
If you'd just listen to me

Not gonna be your enemy  
I'm not gonna say I'm sorry  
Not gonna be your miracle  
Not gonna get me riding on your

Runaround, runaround round-never gonna break me  
Runaround, runaround, round-never gonna take me  
Runaround, runaround, round-never gonna make  
Cos I know you and this time you're not gonna break  
me down

Cos I think love is really lust in disguise  
And I can't get you out of my head  
Because I can see a window through your soul  
And this time I'm not gonna fight anymore

Not gonna be your enemy  
Not gonna be a heart on my sleeve  
Not gonna be your miracle  
Not gonna get me riding on your

Runaround, runaround round-never gonna break me  
Runaround, runaround, round-never gonna take me  
Runaround, runaround, round-never gonna make  
Cos I know you and this time you're not gonna break  
me down  
Runaround, runaround, round-never gonna take me  
Runaround, runaround, round-never gonna make  
Runaround, runaround round-never gonna break me  
Cos I know you and this time you're not gonna take me  
down

Spoken word (When two people say they love each  
other  
It's supposed to last forever, or so I've heard  
Where do we draw the line, that's what you told  
Those words you said I'll never forget

We want to understand each other but you donâ€™t  
get me anymore  
Or maybe you never did)

Runaround, runaround round-never gonna break me  
Runaround, runaround, round-never gonna take me  
Runaround, runaround, round-never gonna make  
Runaround, runaround, round  
Runaround, runaround, round-never gonna take me  
Runaround, runaround, round-never gonna make  
Runaround, runaround round-never gonna break me  
Cos I know you and this time you're not gonna take me  
down
