Sticky feeties, eight wee creepies ~ spider!
Swinging thing on see-through string.
Widows, daddies, wolfie laddies ~ spider!
Laying thread a mite might dread.
Silky architect for insect possession ~
A confection collection!
And when a prize flies to your web,
Youâ€™re grinning while spinning its dizzy death!

Sneaky, scary, wily, wary ~ spider!
Looming from your woven looms.
Eyes â€™ beady, mouth â€™ greedy ~ spider!
Poisoning within your ring.
Silky architect for insect possession ~
A confection collection!
And when a prize flies to your web,
Youâ€™re grinning while spinning its dizzy death!

Leggies tickle, fangies trickle ~ spider!
Stirring in alluring lace.
Spin your shroudie, bundle proudly ~ spider!
Trapping and â€™ wrapping prey.
Silky architect for insect possession ~
A confection collection!
And when a prize flies to your web,
Youâ€™re grinning while spinning its dizzy death!

Little palace of your malice ~ spider!
Filigree of treachery.
Callous rapture in your capture ~ spider!
Viciousness! Deliciousness!
Silky architect for insect possession ~
A confection collection!
And when a prize flies to your web,
Youâ€™re grinning while spinning its dizzy death!
