i can't take this anymore  
and i'm almost pretty sure  
i've been here before  
i can't take this any longer  
i won't heal until i'm stronger  
strong enough to not be afraid  
of what anybody thinks  
of what anybody says  
about the way  
about the way i am  
so i'll wait until the day  
when those feelings fade away  
then i'll make my break

i can't take this anymore  
and i'm almost pretty sure  
i've been here before  
i can't take this any longer  
i won't heal until i'm stronger  
strong enough to not be afraid  
so i leave it up to you  
yeah i leave it in your hands  
respect your wishes and your demands  
but if it was up to me  
honey we'd already be back at home  
and living out our dreams  
living out

everbody and everything i've known

never taught me how to stand up on my own  
had to learn it from the one who let me go  
now i walk alone, yeah i walk alone, yeah  
living blissfully

i guess you had to step away  
to make me want to be  
a bigger man, a bigger man than that  
i need you by my side  
as i take it all in stride  
I put away, i put away my pride  
oh i leave it up to you

yeah i leave it in your hands  
respect your wishes and your demands  
but if it was up to me  
honey we'd already be back at home  
and living out?

everbody and everything i've known  
never taught me how to stand up on my own  
had to learn it from the one who let me go  
now i walk alone  
yeah I walk alone, yeah  
i walk alone  
i walk alone  
i walk alone  
i walk alone  
i walk, oh yeah
