Time flies like a speeding bullet  
Run up in the hood with brothers  
Who ain't afraid to squeeze a bullet  
I fight for better ways to put some moneys in my  
linkfield pocket  
Seems that doing dirt's the only way to make real profit  
A long way from lighting bottle rockets, cops still  
popping  
My body was free as a bird but my mind held hostage  
Just another young knew it all, mama was right  
Watch your thangs to be a man, keep your family tight  
But back then I didn't listen to that  
I kicked a few raps, smoke and drink with my boys  
Spit at a few raps  
My uncle Postel used to get me drunk as a kid  
Mama needed him to watch us while she worked her  
shift  
You can call him wrong, I call him my hero to the end  
I was only 5 he did his best, he was my best friend  
My story ain't no different from the next blackmail  
Government assistance, welfare and nova packtales  
Hung with my niggas doing wild shit  
At house parties on some foul shit  
... no niggas like 7 mile bitch  
But coming up, you gotta be down for  
Or you'll be labeled as the clown  
And you'll be beat down for  
I was lucky though, I made it out  
And god is my witness  
I wrote a... to one, handling my own bizness  
I never let you said you fed me or my kids  
Before I do that, you see the bone showing from my  
ribs  
I don't brag about helping others  
Cause when I do it, then I do it for the love  
My bindess is never... to another person  
To make myself look good or feel proud  
Acting high and my new chest popped out  
I used to barely have nothing  
Well I look like fronting?  
On the person who's barely making... met

No Bentley, I'm designed to be a poet,  
Was noted by proof, on some grown shit  
Never stuck in my youth, I had a laugh though  
Lucini was falling from the sky like Pablo  
Now I go for dolo like my bro Richard castro.
