With one voice
One heart
One love to one God
On one accord we praise the Lord
To show how much we care
Here we are in one place
With one faith
With hands raised
To give praise

Let's come together, sing
Let's come together, sing
Let's come together

Oh magnify the Lord
Magnify the Lord
Oh magnify the Lord
Let's praise together//

Let's praise together

With one voice
One heart
One love to one God
On one accord we praise the Lord
To show how much we care
Here we are in one place
With one faith
With hands raised
To give praise

Let's come together, sing
Let's come together, sing
Let's come together
