Don't stand in the open
Take a walk with me
Just come and see
Let me clear your vision
End my misery
Fait a' compli

I fear my brain is getting clear
Don't stand so close, you're far too near

Love the life you lead
Just to lead the life you love
I don't think so

So much for the journey
I must stop this ride or we'll slip and slide
Stand firm and be counted
Let them know your mind
The truth's unkind

I fear my brain is getting clear
Don't stand so close, you're far too near

Love the life you lead
Just to lead the life you love
I don't think so

I fear my brain is getting clear
Don't stand so close, you're far too near

Love the life you lead
Just to lead the life you love
I don't think so
