Verse 1:

Broken wander-er, you think you know you so well
It's hard to move ahead, when your so down on
yourself
Take it easy, take a lesson from me
You'll be all you've ever needed to be

Verse 2:

Love is simple, in its someone else
And you see all the things, you wish you'd found in
yourself
just imagine, for a minute or two
You could picture you the way that I do

Chorus:

Oh, I wish you were to love you the way that I do
Oh, I wish you'd see the beauty that I see in you
I wish you could imagine a minute or two
That you could picture you the way that I do (x2)

Verse 3:

Your distracted, in your world of despair
Broken hearted, convinced that nobody cares
Your reflection is intended with grace
When the sunlight can't fall upon your face

Verse 4:

Don't be troubled, by the image you see
It's out of focus (out of focus), unless your seeing
through me
From where I'm standing, its the best point-of-view
See the underlying beauty in you

Chorus (3x's)

Bridge (to fade):

If you could see you (see you)
I gotta see you (I gotta see you)
Picture you like I do
(x's 2)

If you believe in you like I do

Picture you like I do
(See you, ah)
