Climbin' every mountain, always killing time  
Count the cost as days go by  
Monday I've got Friday on my mind  
Why don't we make love 'stead of makin' plans?  
Mother Nature, Father Time, maybe it's the family of  
man

Angels cry when they hear that tune  
It's sleepless nights for the man in the moon  
And it's the rhythm of life, mind's made up  
Lucy's sign is the Chinese dragon

Oh, oh, she's got luck  
The rhythm of life is the force of habit  
Oh, oh, the rhythm of life

Give the girl the future, give her what she needs  
Teach her life's a long flat road  
Maybe she'll have better luck than me

Works so hard like he's still in school  
His pockets are jammed, but this man's a fool  
Within the rhythm of life, mind's made up  
Lucy's sign is the Chinese dragon

Oh, oh, oh, she's got luck  
The rhythm of life is the force of habit  
Yeah, yeah, the rhythm of life, rhythm of life

Oh, when out of sight is out of mind  
Shut your mouth, I'm doin' fine  
Mother's goin' back in time

Within the rhythm of life  
(Rhythm of life goes on)  
It's goin' on and on  
(Rhythm of life goes on)  
Hey, yeah, the rhythm of life goes on  
(Rhythm of life goes on)
