Day by day, by every move that you make
With each and every breath that I take
Brings me closer and closer to you
Draw me near, whisper sweet things in my ear, Baby
When you tell me what I want to hear
Make it plain, make it clear
I'm your one lover
No other can fill the need that's in me
I truly believe

[Chorus]

THIS IS REAL

I can feel it. Time can't steal it
No one can take this love away

THIS IS REAL

I can't fake it. We can make it
Nothing compares to the thrill
That I feel when my love starts to build

THIS IS REAL

In your arms, lying in the still of the dark
I feel every beat of your heart
It lets me know that your love is true
Constantly, seems you're all that matters to me
And I want your love exclusively
Throughout eternity
And I won't ever
No never, let love like this slip away
It's not for play

THIS IS REAL

I can feel it. Time can't steal it
No one can take this love away

THIS IS REAL

I can't fake it. We can make it
Nothing compares to the thrill
That I feel when my love starts to build

THIS IS REAL

[Bridge]

I never knew love like this

Could ever exist
And your kiss makes me want to give
All I have to give
Sure as I live

[To chorus]
