(Verse)

Nigga I been dope since Raigo
Son of a crack fiend holla at me
While the niggers for starter jackets
When James West had all the swager
We had that Venice to mall cracking
YT2 extort staff
Rock porsche, box chevies
With tech n9ne let them all have it

I've been dope cleaner than soap
With my kin folk big kutty cal
With the sin soak and begin talk
With a friend's smoke really nutty wild
That indoor sipping slow
Them hoes wanna love me now
I did go they pretend though
Silly bimbos hella slutty now

Now that's the n9na i know from back in them days
nigga
We played questions we ate x's
Played truth or dare when we laid bitches
Rolled about it then made riches
Planned the pot then we stayed great
Then sprayed kitens with glay spitting
Display given these babes digging
Off of that I've been boss of rap
I've been called a gat and that's 9 nigga
Been all of that since I caught the mac
And put yacks and racks in my mind nigga
Even when I shout out I'm at the wind I did
I was a grim nigga take 'em end all man will walk
After they getting their chin broke
But when I pin stroke n9na been dope

(Hook)

Before I started claiming my set
I been dope
Even before I hooked up with tech
I been dope

Back when y'all was hating my crew
I been dope
Don't gotta tell me 'cause I already knew
I been dope
Even when my first lines came out
I been dope
Since we could pull a late night lay out
I been dope
Since massacre and nnutthowze days
I been dope
Since calhoun and a.yates made
I been dope

(Verse)

Hey let me let these niggas know how far I go back with
dope this man
Ye, like a bean to a pental
Door fiend to a rental
Hung like a trench coat like Mc squeeze
With the cheddar looking forward 5% when I raise
bimbos
So I been dope nigga, pure reform of that Montana
Throw back nigga put a bitch in check
Like back when I put his hands to Anna

Just eat the cake and I make please
Then take a drink of this bay breeze
While i create these day really hate me
Face be shaky 'cause it's dope shit they see
I've been doping I hope that you listen
Fix you liked it there's soup in the kitchen
I hope I'm ripping you hope I'm glitching
But there ain't no motherfucker hope in your dissing

You looking ass niggas off in the middle
You pussy ass nigga trying to be me
What you curry ass nigga and you niggets
Just thank God for my fabric
'Cause I style on
With a crooked nigga ripping I be foul on you
Short term niggas I'm a mouse done and your style
slow down
The kutty cal will set the clown on you

'Cause I'm that nigga with a compass on
Bounce beat a nigga down to a coma
I was on a 36 corner up
Then I made it never go out no ya
And i for sure can, gathering more fans
Even if they rip another color
I think because I've been dope man

(Hook)

Before I started claiming my set

I been dope
Back when y'all was hating my crew

(Verse)

Somebody said I wouldn't do so I dismiss her
They probably listen to falty shit and I ain't gonna lift
her
My crew not new to this fame and fortune for a while
From dancing along the track like oppan gangnam
style
To be walking on stages came from the icyrocs
basement
Now I feed off of my paper making cream off of you
haters
I'm worldwide but this business screaming fuck y'all
independently
Different kutt dog in this industry with notorious and
shin taking me off

Been in rap long, you can take a look my stab's grown
Strange music and tech n9na is this nation's back bone
I was dope in this song and that song way back home
Not a leave not a trace of the hating 'cause ain't no
fucking piece of rock show

Ye now it's back on, preview into the sequel
Kansas city's the pipe and now I'm caddy you meeting
Cut me over the counter I'm easily your addiction
Kutty cal is the drug and your future want a prescription
one

(Hook)

Before I started claiming my set
I been dope
Even before I hooked up with tech

Back when y'all was hating my crew
I been dope
Don't gotta tell me 'cause I already knew

Since massacre ad the house days
I been dope
Since California 88 was made
