Lonely ride back of the bus, leaving Georgia in the dust
Long before "I have a dream" and nobody was singin
let freedom ring
Blazin the trail for you and me, I wanna be
The one voice to lead a generation
The one dream to change a nation
We all can shine, somewhere down the line give me a
chance with these two hands
All it takes is just one step in the right direction and one
song,
Can you feel the inspiration
We all can shine somewhere down the line
Give me a chance to be the one
Pretty girl on the page,
Distorted images on display
We've come so far but that cruel design,
In that moment leaves us years behind
The one voice to lead a generation,
The one dream to change a nation
We all can shine somewhere down the line, give me a
chance with these two hands
One step in the right direction and one song can you
feel the inspiration,
We all can shine somewhere down the line,
Give me a chance to be the one
One voice to lead a generation,
The one dream to change a nation,
We all can shine somewhere down the line give me a
chance with these two hands,
One step in the right direction, and one song can you
feel the inspiration
We all can shine somewhere down the line, give me a
chance to be the one
