SLEEPER

â€œbrother, i am oldâ€, he says, old  
lying on the floor with no confidence  
fighting for the right to be told  
that everything is well when youâ€™re all alone

Way back way back  
the time that they said goodbye  
lonely lonely  
always the same routine  
hide them hide them  
21 years this bad  
burn them burn them  
would you forget all that

Sleeper he awakes when he knows  
when something that is said, it is said for real  
a heart it never fights when itâ€™s told  
no matter what was done you are always  
loved(1Jo.4:16)(Rev.4:11)(Ro.1:21-  
23)(Mat.13:22)(Mat.5:3)

Way back way back  
the time that they said goodbye  
lonely lonely  
always the same routine  
hide them hide them  
21 years this bad  
burn them burn them  
would you forget all that

Way back way back  
the time that they said goodbye  
lonely lonely  
always the same routine  
hide them hide them  
21 years this bad  
burn them burn them  
would you forget all that
