1 verse : This beat out of this world watch me spit
vanity
blowing trees girl got me high up in the canopy
i dont feel these new rappers
i aint on no anastej
devour my enemies
please yall cant handle me
lame rappers spit bout what they never had
boy you a zero
a number you can never have
senior in this rap game, just turned an eleventh grad
never running out of shots, like I got extended mags
pour another glass and I aint talking alcohol
passed what I had and I aint looking back at all
Boy I bring the heats and I aint talking basketball
you never felt hot you like a spring that's about to fall
never falling
I hear the top calling
I be on the web like i'm facing green goblin
steady spitting retarded like I got their heads bobbing
lighting up the sky like im tryna call batman and robin,
uh
Not a big drinker and never rolled a swisher
but i swear im so high im swimming in the big dipper
and oh
for the liquor
thats something Im never drinking
but when im drinking and driving i run over competition
like (urrr)
pretending I never hit them
and these rappers claim they spitting
but they lacking all the rhythm
these words are sentimental I spit as much as I live em
Im finnah run it all and trust me I aint a simmons
trust me I aint a drake,wayne,sean,or eminem
they hate but they cant get to me, oh nah I letting them
they calling me a knock off
they talking, get blocked off
these rappers cant defeat me ,they cant even take my
socks off

2 verse : fly as I wanna be

do what i wanna do
im to original
you just a wannabe
you aint even balling, you falling like the economy
all of you is rejected im accepted like apologies
honestly im ahead of my time
talking my mind and I say it with rhymes
let me remind
everyday I will climb til I earn my shine
and the title is mine
this is my prime
this is my shine
got my hands on the green like im swinging from vines
losing these haters and winning these dimes
im stealing their heart so this is my crime
got my back im missing my spine
