[verse 1] look, look Im way above your average,  
mind of a wise man but im younger than your dad is,  
your witnessing a savage cant comprehend my status  
at the top, but we came up from the ground like the  
radish,  
look im rashing the rappers who keep acting  
like they have a passion but ill match it  
leave you in ashes ,no casket,  
everyday practice, trash bag rappers,  
aint seeing me in this rap ish  
like they forgot their glasses,  
asking why you young but your flow so old yo,  
im spitting bananas like Mojojo,  
Im still high even when im monotone,  
building blocks for the game like chromosomes,  
in my zone so nobody can touch me,  
dogging so I must be, a Siberian husky,  
my homies call me lucky,  
I just call it hardworking, plus im hungry for success I  
got the munchies,  
I heard im really selfish, or maybe you just jealous,  
they say im hot dog probably cause I got the relish,  
disregarded everything them haters tried to tell us,  
cause we spitting and they saying "word" now they  
tryna spell us  
and it sounds like K.Y.LE B.E.N.T ,  
all my old homies transformed to new envy,  
im just tryna make a million dollars out of pennies,  
we gon' turn this to a movie yeah we moving to the  
Emmys,  
and shooting for the moon, not enough room  
for this huge outcome when we blow up like balloons,  
they waiting for the sound it gon' sound like kaboom,  
we bout to take flight once we out our cocoons,  
this is long waited history, hope you haters listening,  
while this younging spitting heat, melting the whole  
Christmas,  
paper stacking beat attacking, get the beat up crack  
lacking  
im the leader call me captain of this little ship we in ,  
look, im beating them by a landslide  
cause my lines be coordinated like han-di,

and I , keep it real never hear a dang lie,  
passed A's and B's like E.T - Kyle XY,  
and I do it so effortlessly see,  
kill the beat hope it is resting in peace please,  
nobody can alter my destiny see,  
imma do it big forget if you think less of me,  
he , is a younging that grinds for,  
waiting all his life now he thinks its time for it,  
devoting time and spitting every single line for it,  
so please dont tell me that imma have to wait in line for  
it ,nah

(the catalyst)3x uh
