Chorus: shorty on the phone
Said she's done tryna pretend
She's in love with other men
And she hopes I understand
So instead of tryna fuss over love
Heres the plan
Imma turn this music up and you'll never see me again
Cause I'm so gone, so gone
With my headphones on
Make sure I keep my phone off

1 verse: I swear when I enter this world everything in
life becomes
Alright
Headphones on so please tell my mom I'll be gone for
the night
Leave me alone and please don't tell me I'm not living
life right
You don't see from my view or my infrared sight
I'm on top of the world like I ate a klondike
We just talking with girls, saying what's up
They know I'm Kyle, they playing my stuff
And since I'm just tryna get you off my mind
I hope you don't mind I have 2 in the cut
Said they down for whatever
(Yup)
That makes everything better
(Yup)
Suppress emotions and feelings
Really tryna keep this together
(Cause)
You don't know what you do to me
Everytime that you cross my mind
I know this feeling aint new to me
But I never knew that it would hurt this time
And I saw it coming, I saw it coming
I just wish that I wouldve heeded the signs
The result was nothing
But I knew there was something
Everytime your lips would lock in with mine
But, I just want to know, I just want to know
Why you had to go so soon

Now whenever I roll through school
Gotta act like I don't even notice you
I was so confused
And by the time you get this message it'll be overdue
Imma start a session, probably blow a few
Get lifted just to get over you

Chorus: shorty on the phone
Said she's done tryna pretend
She's in love with other men
And she hopes I understand
So instead of tryna fuss over love
Heres the plan
Imma turn this music up and you'll never see me again
Cause I'm so gone, so gone
With my headphones on
Make sure I keep my phone off

2 verse: I aint with the talking
Don't worry about her cause she's just a friend
But you over here thinking
The chick I'm messing with is your bestfriend
Just know that
This relationship is getting old
You a throw back
Always checking in my phone
You know I hate that
You always blaming other people
For what u do 2X
And ypu know that it is you, it is you, it is you
Fighting and arguing is just some things that I don't
like to really do
So ima put my head phones on now
So I wont have to hear a sound
And I know that she gone be mad
But I don't care I never wanted to wife that, no
