Chorus: If I fall
On the ground and I get back up,
In a heartbeat and (Imma do me)2x
So if them haters hate,
Don't really care what they do
But (imma do me)2x yeah

[Verse 1: JL] haters can hate,
But they can never take
This special gift that God gave me,
I'm just trying to live,
I'm just following my dreams one day that I'll be big,
But I'm just tryna get this money and get away from
here,
You heard it clear,
I want the fast cars, big money, popping bottles with
my team,
And we all getting green,
See these dudes when they get money
They start acting real funny,
I'm living life like a king,
So you know I'm on my LB ish,
Bottles everywhere yeah that's V.I.P ish,
(Party every night and we got the shorties saying),
Ooh ooh wee, the life I'm living is sweet
(So sweet so sweet, uh) but you see what we do, we live
that good life

Chorus: If I fall
On the ground and I get back up,
In a heartbeat and (Imma do me)2x
So if them haters hate,
Don't really care what they do
But (imma do me)2x yeah

[Verse 2: Kyle bent] what if I listened to the criticism and
quit spitting,
I decided to just live a little,
I wouldn't listen cause the women and the homies who
told me that I was
Tripping,
Are tryna get to know me but no I'll keep it a distance,

And shorties they adore me I don't ever really feel em,
But whenever I get lonely hit one up and we just kick it,
Came a long way from being looked at as some
children
Got high expectations, under the influence,
Yes it's bent nation, straight killing it,
They tell me time is money I just hope my time is
infinite,
Not saying that I have it, I'm just wishing it,
I keep it hunnet with these listeners,
You ten percent, but this is just the beginning,
Book of genesis, so witness greatness and hate it, you
wasn't interested,
When we had nothing but now it's coming along and I
just love it,
Higher than the summit, bout to bunjy jump it,

Chorus: If I fall
On the ground and I get back up,
In a heartbeat and (Imma do me)2x
So if them haters hate,
Don't really care what they do
But (imma do me)2x yeah

[Verse 3: Kyle bent] they tell me I'm the future but I'm
living in the
Moment,
Trying to take over the world, though my momma
might condone it,
And I might just need a rooster to go wake me in the
morning,
Cause tonight I'm going to kill it then offer my
condolence,
Everyday is a surprise,
Open your mind and see the world through my eyes,
Dedicated to the grind,
The shine is my prize,
Just a nickel for your time to spit a rhyme
And make your angry old soul turn kind,
If you despise my music or hate my guts
I'll survive right through it and take that dub,
The limelight's useless if you aint got love,
You can bathe in the fame just make sure you bring a
tub, wha,
But these mainstream lames I don't feel them,
When I spit I hope I'm speaking to the children,
Haters rolling on the ground like they're fire drilling,
Like I rolled a pound man I'm higher than the ceiling

Chorus: If I fall
On the ground and I get back up,

In a heartbeat and (Imma do me)2x
So if them haters hate,
Don't really care what they do
But (imma do me)2x yeah
