Verse 1 : uh, they aint never care bout me 2x
Before I wrote that line or I Picked that beat
Told me its my prime
Heck yeah I agree
Oh we spent that time
While you spent that green
While you spent those bens
Tryna get with dimes
Might know Kyle Bent
But you dont know I
Realize everything aint never what it seems
So decode my rhymes
Learn exactly what it means
Step inside of my mind
Learn things you wont believe
Why I dont follow friends
They dont carry what I need
All they do is follow trends
I aspire to be free
Its me against the world and im waiting for the next
move
(yow, yow)
With girls tryna experiment, I just hope you brought a
test tube
(yow yow)
Give me props, say im hot, even so, dont compare to
the next dude
(yow, yow)
They wont accept you
Unless you
Dress cool
Never respect you
Tell everybody 'cept you
expect you
To try to fit into the popular crowd
Who aint nothing but clowns and clones
Who rock the same clothes
And gossip bout their foes
Your low
The whole town knows
So
dont be mad at my accomplishments

All cause you aint who accomplished it
Cant relate to ya'll, we straight opposites
Im on a different level and continent
What I wrote is dope, so them cops is listening
(yow, yow, yow,yow)
No competition when I open up that composition
(well now you know, yo)

Chorus : I told em 3x
We aint taking no Ls tonight
We rolling 3x
But I think we might as well take flight
Cause,
Its that (new aquarian age flow, yo) 3x
Im just making my name known (ye)

Verse 2 :

Praying we may blow man(WHAT) What, they say when
a kid getting paid huh?
(WHAT) What they know about all these days huh?
What, put my life up in these pages
What I put in, is what I got out
never had fear, always said no doubt
hitting the stage, look at the crowd
music gon' play, watch them all get loud
Ima' just fade, hear me up in the sound
locked in a cage, now the kid got out
spiting saliva, get them live-r
word to my father, we didn't bother
call me the driver, taking farther
huh, never took one day off
y'all..all seem so appalled, but I just wanna go and ball
hitting up Nienam, whipping the Beamer
looking so cleaned up
women they fiend us, saying we changed
damn..but see me Im feeling the same
ugh..never knew why they hate us
probably cause all this greatness
never need that high maintenance
Im probably dressed in that latest
probably was just with your main chick
didn't mean all that anguish
hood mixed with my english, sorry for this language
But, hola solar cop another O' dawg
we about to zone off, hold up cause we gone...

Chorus : I told em 3x
We aint taking no Ls tonight
We rolling 3x
But I think we might as well take flight

Cause,
Its that (new aquarian age flow, yo) 3x
Im just making my name known (ye)
