(Verse 1)

Can we bring back the night where it all began?
And exchange of hearts, holding yours in my hand.
I hear voices that tell me I should have never tried.
You ripped my heart out, yet I'm still alive.

(Pre-Chorus)

Rest in peace
To the love that died
Too blind to see
I won't sleep tonight.

(Chorus)

Oh, it's such a shame how I fell for your game
The lies you've said, the tears I've shed have drowned
out the flames.
Oh, it's hard to blame the sinner of this game.
The lies you've said, the tears I've shed have drowned
out the flames.

(Verse 2)

The pills I take help me brush off the pain
That you left behind, my serotonin drained.
I feel the hate swell,
I take your throat to grasp.
No I won't let go,
Until I see your eyes roll back.

(Pre-Chorus)

Rest in peace
To the love that died
Too blind to see
I won't sleep tonight.

(Chorus)

Oh, it's such a shame how I fell for your game
The lies you've said, the tears I've shed have drowned
out the flames.
Oh, it's hard to blame the sinner of this game.
The lies you've said, the tears I've shed have drowned
out the flames.

(Breakdown)

Out of everything you chose my heart to victimize.
It's your second nature, no need to apologize.
Even though the distance kills me,
I'm now starting to see more clearly,
There is nothing wrong with me,
It's just the truth that I'm embracing.

(Chorus)

Oh, it's such a shame how I fell for your game
The lies you've said, the tears I've shed have drowned
out the flames.
Oh, it's hard to blame the sinner of this game.
The lies you've said, the tears I've shed have drowned
out the flames.
