(Verse 1)

See the world and see these stars.
Come to know, it could be ours.
Have you know you've stopped my breathing.
Now feel me as I close my eyes,
And for the first time I realize,
It's something I'm not revealing.

(Chorus)

As tears run down your cheek,
Just know that you're not alone.
The life you strive to seek.
Will help you find your way back home.

(Verse 2)

I was lost, I did my time.
The only thing I've lost is my mind.
Such a familiar feeling.
And you'll never know what hate is.
To feel your insides burn and be jaded.
This world can take such a beating.

(Chorus)

As tears run down your cheek,
Just know that you're not alone.
The life you strive to seek.
Will help you find your way back home.
