Chorus

Take a look around you
Take in one another
Open up your heart, stop fightin'™ with your brother
Be the face for change

Don't™ matter what your age
Your sex, or your color
Don't™ matter whether you love him, or you love her
It's™ our chance for grace

Verse 1

Time to be real
And recognize it's™ just a point of difference
Try to reveal
Your love and let us start to bridge our distance

Pre-chorus

Oh, there's™ gotta be another way
Oh, revolutionize a brighter day
Oh, my heart is achin'™, I can't™ wait no more
Give me grace

Chorus

Verse 2

I can't™ rage no more
You see my hate it takes too much commitment
My pain won't™ ignore
Until my ego fair's™ in this submission

Pre-chorus

Chorus 2x

Bridge

You can feel in your heart
What you see ain't™ right
Don't™ blend with the crowd
Stand up with your might
Realize you are the hope
For a future that's™ strained

Move with thought, word, and deed
Donâ€™t keep it contained

The world thatâ€™s before you
Is the world that you made
Donâ€™t like what you see
You have free will to create
Be brave with each breath
Donâ€™t wait for signs from above
You are the power of grace
Spread your wisdom and love

Pre-chorus

Chorus 2x
