### Verse 1

Time is wastin'™ baby  
And you're actin'™ oh so crazy  
Cuz no one told you you was special  
Don't hold your breath for the external  
You need to rock it all out  
Like there's no one around  
Let no one stand in your facial

### Chorus

La la la la la la  
Nam myoho  
La la la la la la  
Renge kyo  
La la la la la la  
Nam myoho  
La la la la la la  
Renge kyo  
La la la la la la  
La la la la la la

### Verse 2

Did you know that you're the maker  
The mover and the shaker  
So dream the way you want it  
Just gotta make your mind up on it  
Don't let your shit slow you down  
When you can own the town  
Got what you need in side you honey

### Chorus

### Bridge

Chant bitch!  
Oh yeah, shake it baby, c'mon  
Oh hell no girl  
That's some sexy shit!

### Chorus 2x
