## Verse 1

Remember the day  
When I gave my heart away  
But what I didn't knew  
You was a triflin' fool  
And no, it wasn't long  
Before you strummed me out like a song  
Oh, you broke me down  
Like a brick to my heart I hit the ground

## Chorus

Molliwop  
Tales of the broken hearted  
Molliwop  
Ended before it started  
Molliwop  
Song for the sad and lonely  
Molliwop  
No you never loved me

I can't love at all  
Til you grind me to the bone

## Verse 2

Like a goddamn fool  
I thought what we had was true  
But what I failed to see  
You only loved me on my knees  
No, never around  
Became the talk of the town  
While I defended your name  
Night after night you was out gettin' caned

## Chorus

Molliwop  
Tales of the broken hearted  
Molliwop  
Ended before it started  
Molliwop  
Song for the sad and lonely  
Molliwop  
No you never loved me

I can't love at all  
Til you grind me to the bone  
No I can't love at all  
Til you grind me to the bone

Bridge  
I tried to make it last  
You shoved my face against the glass  
I can't feel love  
Unless it's rough

Chorus  
Molliwop  
Tales of the broken hearted  
Molliwop  
Ended before it started  
Molliwop  
Song for the sad and lonely  
Molliwop  
No you never loved me  
Molliwop  
Tales of the broken hearted  
Molliwop  
Ended before it started  
Molliwop  
Song for the sad and lonely  
Molliwop  
No you never loved me

I can't love at all  
Til you grind me to the bone  
No I can't love at all  
Til you grind me to the bone
