### VERSE 1

ooooo, yay.ooohhh.yay,ooohhh  
Uh, aint it funny how they starin like we unfamiliar  
Or how they all hold the gun but never pull the  
trigger(Never pull the trigger)  
Cuz lifes pain is in ur mind but felt in ur heart  
And imma try to do u right u show me where to start  
Spendin money on a ring i pray to God its worth it  
Like how u take the perfect picture never picture  
perfect  
But all well that ends well thats wat the people say  
Ur makeups irrelevant like blind men with shades  
Futuristic mind never dwellin on the past cuz our  
success is in the future and i just hope we make it last  
Livin in today to sleep and dream about tomorrow  
If lifes a piece of cake then whys it all so hard to  
swallow

### (CHROUS)

Got so much to live for,Gotta Lot to live for,Got to much  
to live for,Gotta lot to live for,Got to much to live

to live for,Got to much to live for

### VERSE 2

Its so much goin on shit i aint likin my family all  
talented but cant seem to stop fightin  
Niggas dying over colors  
Brothers killin eachother  
Harmin black mothers like damn we goin under  
I Done felt the rain i done seen the pain  
But God blessed me with real all through my veins  
How could i ever change wen i was a couple of days for  
beggin for some change i gotta maintain  
This that crack music that real black music  
God gave me gifts I Guess i gotta use it  
Student loans and many turns so much to learn  
Im patiently waitin for God to say its my turn

### VERSE 3

I been through it yes i been through it  
So much drama in my life i spit the pain through my  
music and  
7 mile Michigan growin up i was forced to be a man  
before my time so listen up  
I had to live for my moms just to make ends meet  
Even if that meant dealin worked on the streets  
No need for that now i live the life that he speaks  
A son of God is wat i am (????)
