Don't tell me I don't know what I know,
Don't tell me I don't know what I know,
I worry you don't know what I know,
I worry you don't know it,
You don't know it.

Come in the sun's about to rise,
I'm here and I brought the fire,
Been thinking when I outta die,
I'm taking my whole damn life.
My whole damn life.

[Chorus]

They can take all they want
But they can't take my soul, and all I know.
They can judge all they want
But they can't judge my mind, all in time.

So, let's leave the sun's going down now,
Take a couple for the higher ground,
She said I don't know how to fly,
Don't worry neither do I but,
Where's the harm in tryin' ?
Where's the harm in tryin' ?

[Chorus]

And I'm fading away
All my thoughts are gone,
Strangers leave as friends,
Oh how I thought I knew you

[Chorus] x 2

And I'm fading away
All my thoughts are gone,
Strangers leave as friends,
Oh how I thought I knew you
