don't tell me I don't know what I know
don't tell me I don't know what I know
I worry u don't know what I know
I worry u don't know it
u don't know it

come here get the sun out your eyes
I'm here and I brought the fire
been thinking when I ought to die
I'm taking my whole damn life
my whole damn life

they can take all they want
but they cant take soul
and all I know
the can judge all they want
but they cant take my mind
all in time

Cos I can take another turn

if it means enough to me
oh I can make a whole new start
if it means enough to me

and I'm fading away
all my thoughts are gone
strangers leave as friends
oh how I thought I knew u

don't tell me I don't know what I know
don't tell me I don't know what I know
I worry u don't know what I know
I worry u don't know it
u don't know it

come here get the sun out your eyes
I'm here and I brought the fire
been thinking when I ought to die
I'm taking my whole damn life
my whole damn life
