don't tell me i don't know what i know
don't tell me i don't know what i know
i worry you don't know what i know
i worry you dont know it
you dont know it

come here the suns bout to rise
im here and i brought the fire
been thinking when i ought to die
im taking my whole damn life
my whole damn life

they can take all they want
but they can't take my soul
and all i know
they can judge all they want
but they can't judge my mind
all in time

so..lets leave the suns going down now
take a couple for the higher ground
she said i dont know how to fly
dont neither do i
but
wheres the harm in trying?
wheres the harm in trying?

they can take all they want
but they can't take my soul
and all i know
they can judge all they want
but they can't judge my mind
all in time

and i'm fading away
all my thoughts are gone
strangers believe that freinds, oh how i thought i knew
you

they can take all they want
but they can't take my soul
and all i know

they can judge all they want
but they can't judge my mind
all in time

they can take all they want
but they can't take my soul
and all i know
they can judge all they want
but they can't judge my mind
all in time

and i'm fading away
all my thoughts are gone
strangers believe that freinds, oh how i thought i knew
you
