Intro:

Have you ever been so in love
It was like a drug and you couldn't get sober?
You couldn't get sober

Verse:

It gets hard to act like I don't care when I do
I try to hold it back but it shows on my face when I
speak of you
I keep it bottled up inside cause I don't want no one to
know that I still do love you

Pre- Hook:

Cause they might think I'm crazy, say that I'm a fool
How could I still care for somebody like you
When you barely have a heart that you don't know how
to use
What started out as love ended up as abuse

Hook:

I thought I told ya, I used to be an addict but I'm sober
Was a fiend for his love and now it's over
I'm glad I'm sober (2X)

Verse:

They won't believe
Because they'll see through my lies
How could I be sober if I still cry sometimes
You know that love doesn't fade
You know that time doesn't change a thing

Pre- Hook:

I must be crazy
I am a fool
Still seem to care for somebody like you
Though you barely have a heart that you don't know
how to use
It started out as love but it ended in abuse

Hook:

I know I told ya, I used to be an addict and I'm sober
But I still fiend for his love cause it's not over

I'm not sober (2X)
