My hair was killing me,
And I needed to ..,

That's when I noticed the person on the couch,

,
My is beating fast,
I can't believe my man would do me like that.

Chorus:

I'm so confused, what to do,
I'm about to lose my mind,
If I go ...observing time.
Hello, hello, hello, 911,
The damage have been done,
I'm sitting here waiting for the ambulance,
Send an ambulance, send an ambulance,
Better hurry up and give me fast.
Hello, hello, hello, 911,
The damage have been done,
I'm sitting here waiting for the ambulance,
Send an ambulance, send an ambulance,
Better hurry up and give me fast.

From the bedroom to the stairs I was angry,
didn't care, it was my heart, my man and my home,
see it wasn't right that I took that night
inside something was telling me that I should do it,
I,I couldn't control myself, 'cause I was mad as hell,
He was yelling, hushing: don't you do it!
My heart was faking, I couldn't take it,
What was I supposed to do.

Chorus:

I'm so confused, what to do,
I'm about to lose my mind,
If I go ...observing time.
Hello, hello, hello, 911,
The damage have been done,

I'm sitting here waiting for the ambulance,
Send an ambulance, send an ambulance,
Better hurry up and give me fast.
Hello, hello, hello, 911,
The damage have been done,
I'm sitting here waiting for the ambulance,
Send an ambulance, send an ambulance,
Better hurry up and give me fast.

Ever, ever thought that took me wrong,
here I am, standing here, standing here,

Hello, hello, hello, 911,
The damage have been done,
I'm sitting here waiting for the ambulance,
Send an ambulance, (said I'm waiting for)
send an ambulance, hurry up and give fast.
(Somebody come quick, don't you see
It's an emergency, it's my baby that cheated on me)
Hello, hello, hello, 911,
The damage have been done,
I'm sitting here waiting for the ambulance,
Send an ambulance, send an ambulance,
Better hurry up and give me fast.
